

Panhandle Health District I

Environmental Health Fee Schedule and Description

Sewage Systems	
<input type="checkbox"/> Subsurface Sewage Permit- New <ul style="list-style-type: none"> A permit is required for new systems or new location of a system. A review of soil types is made at proposed location for actual septic system Sizing of the drainfield and septic tank is determined. Permit approval depends on the following: the predicted maximum daily sewage flow; house size and location; well / spring location; surface water locations; depth to groundwater on limiting layers; changes to native soil (road cuts, grading, benching); distance to neighboring structures (wells, buildings, drainfields); proposed land use; soil type; other issues of concern. Permits to construct a septic system are not granted until all such issues are addressed and / or submitted in writing as part of the plot plan / permit application and found to be consistent with current regulations. Permit applications are for 1 year (No Renewal). Septic Permits are valid one (1) year from date of issuance. No partial refund is made if fieldwork is done but a permit cannot be approved. 	\$860
<input type="checkbox"/> Individual System Permit – Expansion <ul style="list-style-type: none"> For projects with an increase in flow that requires the existing, permitted drainfield to be expanded greater than 10% 	\$400
<input type="checkbox"/> Repair Permit <ul style="list-style-type: none"> Replacement of a failing system 	\$200
<input type="checkbox"/> Septic Tank, Vault Privy or Pit Privy Permit	\$250
<input type="checkbox"/> Authorization to Connect <ul style="list-style-type: none"> Septic system installed and passed final inspection but construction of dwelling not commenced within one year of final inspection 	\$100
<input type="checkbox"/> Permit Renewal - (Must apply for renewal prior to expiration date) <ul style="list-style-type: none"> 1 year renewal (extends permit for an additional year from original issuance date) No limit on number of renewal 	\$100

Central / Large Soil Absorption System	
<input type="checkbox"/> Central / Large Soil Absorption System Review <ul style="list-style-type: none"> Data providing estimated wastewater flow volume 	\$150
<input type="checkbox"/> Permit <ul style="list-style-type: none"> Panhandle Health will confirm wastewater flow prior to fee acceptance. Parcels to be served will be identified and any required easements will be in place prior to issuance of permit. If residential, tank permits for each future dwelling will be needed prior to hook-up. 	\$2.50/per gallon of design daily flow
<input type="checkbox"/> Repair Permit <ul style="list-style-type: none"> Replacement of a failing system. 	\$400
